1. GENERAL

The purpose of this regulation is to prescribe policies and procedures with respect to the acquisition and utilization of various types of office business machines and equipment.

2. POLICIES.

- a. The utilisation of office business machines and equipment which will improve efficiency is consistent with the Central Intelligence Agency Management Exprovement Program.
- b. Centralised punched card, duplicating, reproduction and recording facilities have been established within CIA. Such facilities shall be utilized by two or more organizational components wherever feasible, and no new or standby machines or equipment shall be purchased where existing facilities are adequate. Separate installations will be established only when justified by reasons of economy, security, or other equally valid criteria.
- c. Special machines or equipment shall be purchased only when standard business equipment cannot satisfactorily accomplish the objective.
